

Yellow Rectangle Adhesive Traps

For Fruit Flies, Cucumber Beetles, Aphids, White Flies, Hoppers, Psyllids, Yellow Jackets

FALL 2013

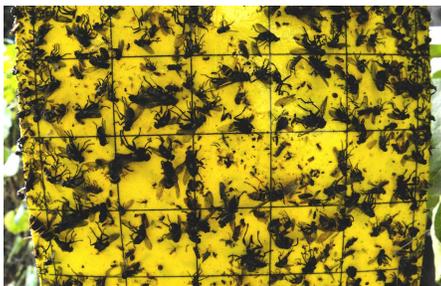

Highest rated by USDA, 2.5 to 4 times better catch than other traps tested.

Available as 1) flat card (sticky both sides) and 2) back-folding (sticky one side) model for shipment of specimens. Coated with our *No-mess Adhesive™* that sticks to bugs but not to you. Field tested to remain effective in any weather.

- Low cost single use
- *No-mess Adhesive™* coated
- UV resistant color will not fade over time in intense sunlight.
- Waterproof
- Withstands heavy winds when properly hung
- 3-hole punched for hanging vertically, horizontally, or at angle.
- Write on adhesive
- Cut with everyday scissors

Very High Catch Rate

Visit our web site resource library for the USDA research white paper (PDF).
