

The Most Reliable Walnut Husk Fly Monitoring Traps

The most efficacious is AlphaScents traps and lures, followed by Suterra traps and lures, and then the Trécé Mega lures or UC Super-charged lures with AlphaScents, Suterra or Trécé traps. When commercial lures and traps are considered, AlphaScents traps and lures captured more flies than the Suterra traps and lures and twice as many flies as the Trécé traps with Mega or Dual-Pak lures.
