

# Webbing Clothes Moth Home Use Trap and Lure System

## Instructions

Thank you for your interest in Alpha Scents insect monitoring systems. Below is a simple guide designed to help first-time users of Alpha Scents' home-use products. Follow the instructions below to learn how to assemble, and deploy, your new trap system.

**Trap for:** Webbing Clothes Moth (*Tineola bisselliella*)

### Parts:

- Jackson Trap insert x1

- Webbing Clothes Moth Lure (TINBIS) x1

### Instructions:

1. Remove the protective wax paper covering from insert card

2. Remove the lure from protective packet.

3. Place lure in center or top corner of sticky card.

4. Place trap near pantry, where moths may be present
  - a. Trap can be placed out-of-sight, if desired.

Thank you for using Alpha Scents traps and lures for your pest control needs!
